

# Product Specification

**Ord.-No.:** 111 445 / E0680269

**Specification:** Expansion piece, V2A  
for foundation earth electrodes

**Performance:** Expansion piece according to DIN EN 62561-1 and DIN EN 62561-2 used as passing component of foundation earth electrodes in expansion joints.

Installation	Expansion piece to be set in concrete
Total dimensions of strip	30x3,5 mm
Dimensions of block (length x width x height)	100 x 100 x 50 mm
Expansion compensation (longitudinal and transverse direction)	± 15 mm
Weight	349 g
Standard reference	DIN EN 62561-1 and DIN EN 62561-2
Packing unit	1 unit
